WAYS TO GET PAID

RETAIL SALES (Paid Monthly)

Retail sales are at the forefront of the LivElite International opportunity. As a LivElite International Member, when you sell product to retail customers (who are not Preferred Customers) in person or via your personalized website, you earn the difference between the wholesale price and the selling price. Products ordered from the website are sold to customers at the Suggested Retail Price and the commissions earned are paid monthly.

Example: A customer places a web order for product paying the retail price of \$165 USD. The wholesale price for this product is \$130 USD. The Member will earn \$35 USD (the difference between retail \$165 USD and \$130 USD wholesale) plus 83 GV will be assigned to their Level 1 volume.

A Member must be Active with a minimum 50 PV to be eligible to receive retail commissions from web orders. When retailing LivElite International products directly to your customers, you can mark up the product whatever percentage you choose and you earn your retail profit immediately! Begin making money daily by sharing the products.

Note: Any orders from customers not on the LivElite International Recurring Monthly Order (RMO) program are considered retail sales. Once a customer signs up for RMO, they become a Preferred Customer. (See below.)

PREFERRED CUSTOMER COMMISSIONS (Paid Monthly)

Preferred Customer commissions are pivotal to a solid residual income. As your customers come to love these amazing products, they have the opportunity to order the products at a discount, provided they go on LivElite International's Recurring Monthly Order (RMO) program. This benefits the customer significantly by offering them a discount on the products, as well as the opportunity to participate in customer incentive programs like our RMO Rewards Program. As a Member, any personally sponsored Preferred Customer order generates a 25% commission from the purchase price of the product. Preferred Customer Orders also generate Level 1 GV of 50% of the regularly attributed volume. A Member must be Active with a minimum 50 PV to be eligible to receive these commissions.

Example: A customer signs up for a \$130 USD Product RMO (this is the wholesale or Preferred Customer price), turning them into a Preferred Customer. The Member attached to this Preferred Customer earns a Preferred Customer commission of 25% of \$130 USD, which is \$32.50 USD, plus they would receive 50% of the normal GV on the Level 1 of their Unilevel Team. So if this \$130 USD had CV of 130 USD, then the Member would receive 65 CV on their Level 1.

UNILEVEL TEAM COMMISSIONS (Paid Monthly)

Unilevel Team Commissions are the foundation for a stable residual income! Build a solid Member and customer base and receive commissions each month from product orders and/or re-orders generated in your organization down to nine (9) levels deep.¹

You must maintain Active status, and complete respective rank requirements, to be eligible to earn Unilevel Team Commissions. Compression maximizes the benefits of the Unilevel.²

 2. You are paid on nine (9) Levels of Active Members lines.

BINARY TEAM COMMISSIONS (Paid Monthly)

Binary Team Commissions are an integral part of the LivElite International Compensation Plan. The Binary Team is derived from a dynamic structure that compensates you for successfully generating sales volume within your Binary Tree (Placement Tree) and motivating your downline to do the same. Earn on the sales of those Members you, your upline, and your downline place within your Binary Tree.¹

The Binary Tree has two sides, a Left Team and a Right Team, either of which can be the Power Leg (Strong Leg) or the Pay Leg (Lesser Leg) on any given commissionable period. The LivElite International Compensation Plan allows you to earn up to 20% on the group volume (GV) of the Pay Leg.²⁻⁴

To start your Binary Team, you must have two (2) personally sponsored Members, one on the Left Team and one on the Right Team. Each must generate at least 50 PV.

To remain Qualified for Binary Team Commissions, you must maintain the PV requirement and develop at least two (2) personally sponsored Members - one on the Left Team and one on the Right Team - helping each generate a minimum 50 PV within the commissionable period.⁵

When you maintain your Active Status, you are allowed to roll over any unpaid volume in your Power Leg to the next commissionable period.⁴

| | Presidential Ambassador | Global Ambassador | Executive | Sr. Executive | National Executive | Presidential Executive | Global Executive | Director | Sr. Director | National Director | Presidential Director |
|---|-------------------------|--------------------|--------------------|---------------------|---------------------|------------------------|---------------------|----------------------|----------------------|----------------------|-----------------------|
| PV | 100 | 100 | 100 | 200 | 200 | 200 | 200 | 200 | 200 | 200 | 200 |
| Binary Team Commission % | 10% | 11% | 12% | 12% | 13% | 14% | 15% | 16% | 17% | 18% | 20% |
| Monthly Binary Commissions Potential | \$1,000 USD | \$2,500 USD | \$5,000 USD | \$10,000 USD | \$15,000 USD | \$20,000 USD | \$40,000 USD | \$160,000 USD | \$160,000 USD | \$160,000 USD | \$160,000 USD |

1. A minimum Rank of Presidential Ambassador must be attained to earn Binary Team Commissions. Binary Team Commissions are paid on the volume of the Pay Leg (Lesser Leg) payout. An equal amount of GV is deducted from each Leg.
2. Members who meet their rank's sales qualifications are eligible to earn a Binary Team Commission as follows:
Presidential Ambassador = 10% | Sr. Presidential Ambassador = 11% | Executive = 12% | Sr. Executive = 12% | National Executive = 13% | Presidential Executive = 14%
Global Executive = 15% | Director = 16% | Sr. Director = 17% | National Director = 18% | Presidential Director = 20%
3. Rollover Rules: Should a Member become inactive, any accumulated rollover volume will be flushed and lost. Any unused volume from the Pay Leg will be reset to zero, and the unused volume from the Strong Leg will be carried over. There is absolutely no roll over of Lesser Leg volume. If a Member does not meet the minimum active requirement to be paid Binary Team Commissions, the volume on the Lesser Leg will flush without payment. Rollover volume is unlimited. However, only 50,000 of your rollover volume can be applied toward your commissions in a given month.
4. Binary payout maximum is determined by rank. See chart for payout potential.
5. The above chart shows potential earnings for each rank. However, in order to receive Binary Commissions, you must also meet Binary Commission requirements for each rank level. For example: at the rank of Presidential Ambassador, you can now receive binary commissions IF you also fulfill the binary payout qualifications, which are to be an Active Member with 100 PV and a Qualified Member, with one Active Member on each leg.

SPONSOR BONUSES (Paid Weekly)

The Sponsor Bonus is a great way to start earning money immediately. As you build your team with LivElite International, each time you sponsor a new Member that purchases a qualifying Starter Kit, you will earn between \$25 USD to \$100 USD on each Kit sold. There are no limits to the number of Starter Kits you can sell. The actual amount of this bonus depends upon the qualifying Kit sold and the published bonus amount of that Kit.

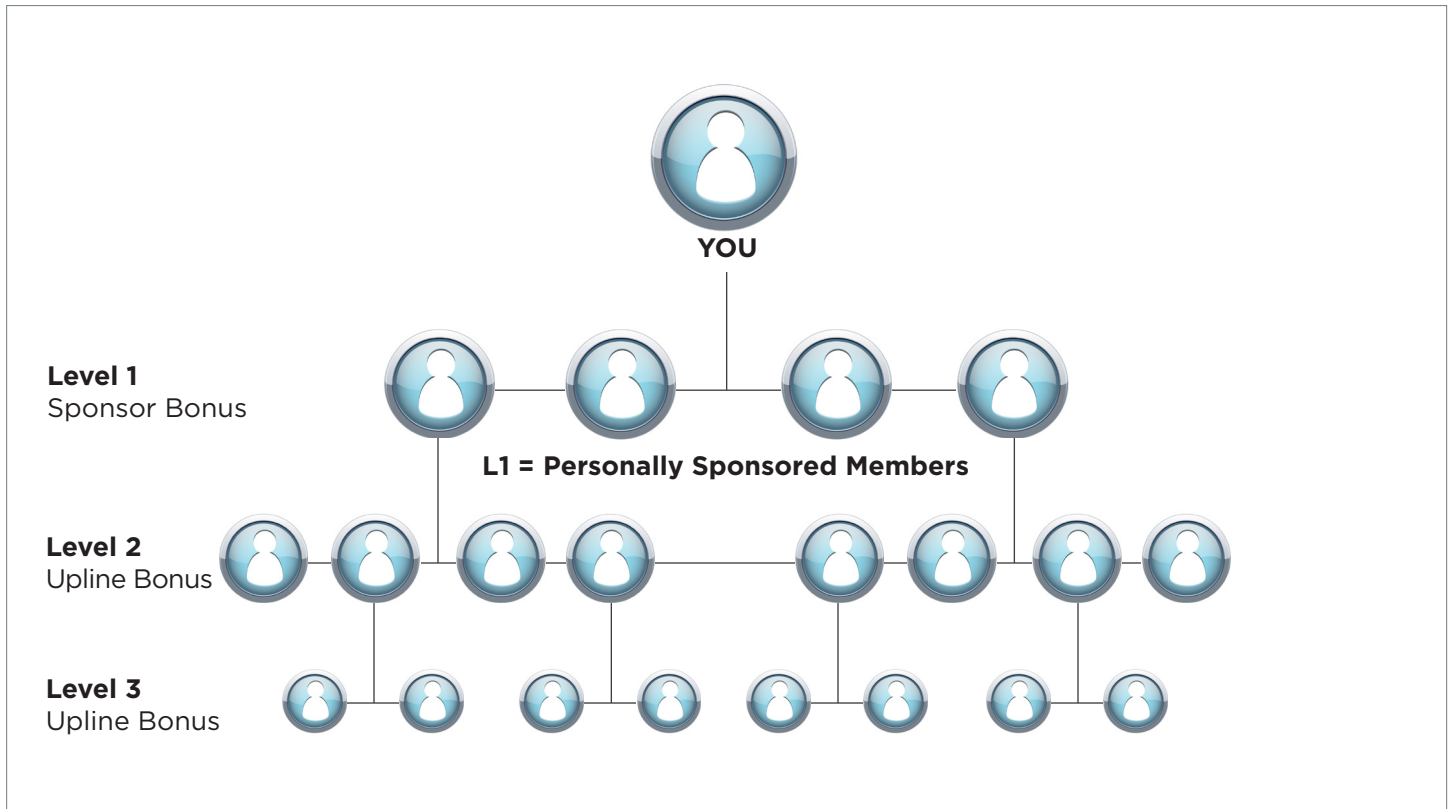

A Member must be Active with a minimum 50 PV at the time of the bonus payout to be eligible to receive this bonus.

UPLINE BONUSES* (Paid Weekly)

The Upline Bonus rewards you for spending your valuable time to help your personally enrolled Members succeed with LivElite International. This bonus is paid on up to two (2) levels of your Unilevel Team.

Level 1: As you help your personally enrolled Members sponsor new Members into the business with a qualifying Starter Kit, you will earn a cash bonus based on each qualifying Starter Kit sold. There are no limits to the number of people they can sponsor. The actual amount of this bonus depends upon the qualifying Kit sold and the published bonus amount of that Kit.

Level 2: This bonus is also paid on the next level of Members on your team. All new Members that your Level 3 people sponsor with a qualifying Kit will earn a cash bonus.

The Upline Bonus is always paid.

Example: If the sponsoring Member in your second level is inactive, the bonus will roll up to the next Active and Qualified Member.

A Member must be active with a minimum 100 PV in the last 30 days and purchase a Starter Kit to be eligible to receive this bonus.

*The Upline Bonus is not available for Members in the US & Canada.
