

WHO IS SYNTEK GLOBAL?

- Syntek Global is mainly a fuel additive company. Founded in 2007, SynTek Global is headed up by President *and* CEO John Winterholler  (evidently one corporate title wasn't enough)

WHAT IS XFT?

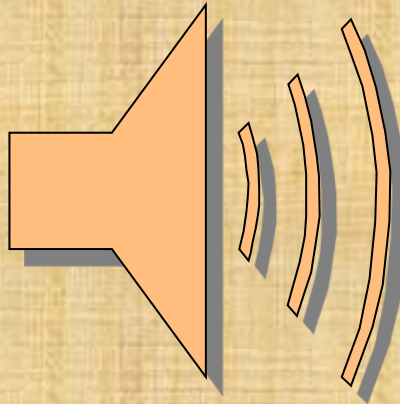

- SynTek Global's main product, It's a comprehensive small-dosage fuel treatment fuel additive called 'Xtreme Fuel Treatment' (XFT)

IS IT NEW?

- No! Its Technology is based on Nobel Prize winning Organo metallic chemistry used by NASA.
 - 'PT Pama', which is the largest mining company in *Indonesia have been using it for more than 11years now!*

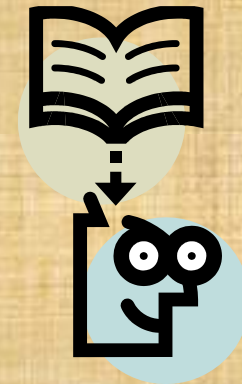

SO WHY HAVEN'T I HEARD OF IT

- Because Syntek Global just made it retail for the first time.

WHAT DOES XFT DO?

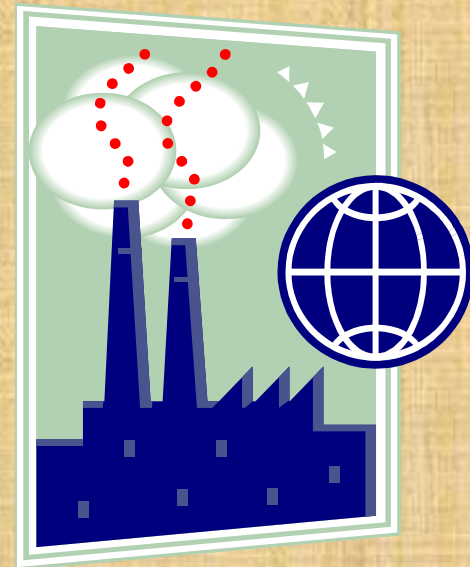

- Improves life of your engine – A more lubricated engine means less tear and wear.

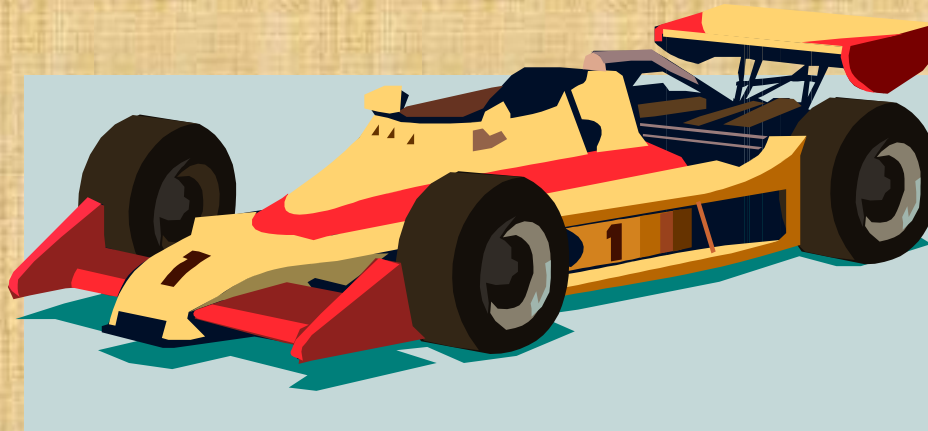

- Improves fuel economy – Reduces fuel consumption.

- Decreases emissions – Cleans your engine of deposits.

- Increases horse power – Increased miles per liter.

HOW DOES IT DO ALL THAT?

IT CONTAINS;

- 1. Burn Rate Modifier(BRM)**- *makes your fuel ignite quicker in your engine - creating a longer, better burn of the fuel.*
- 2. Detergents** – *That remove existing deposits.*

CONTAINS

1. **Demulsifiers** – *That stops water damage.*
2. **Rust & Corrosion Inhibitors** – *That keeps rust away and reduces friction.*

CONTAINS

- **Fuel Stabilizer** - *Petroleum based fuel will separate and lose its efficiencies rather quickly. XFT keeps the breakdown from happening for a much longer time.*

WHATS IN IT FOR ME?

- 1. SAVES YOU FUEL, YOU SPEND LESS
- 2. REDUCE YOUR CAR ENGINE OR GENERATOR TEAR AND WEAR
- 3. MAKE RESIDUAL INCOME (DETAILS OF COMPENSATION PLAN ATTACHED)

HOW DOES IT LOOK LIKE?

IT COMES IN

- 10mil FOIL PACKS

- 4oz.(118mil)and
2oz. (59mil)bottles

HOW DO I USE IT

- One 10mil foil pack treats 75litres of fuel or diesel and 4oz. Treats 1,195litres*double dose for the first 3 treatments after that 1* for effectiveness

HOW MUCH DOES IT COST?

- 1 FOIL PACK GOES FOR N1200.00(retail)
- if you are on **AUTOSHIP** (which is placing an order for a minimum of four months on the website www.savefuelng.mysyntek.com) **N3700.00(for 5)!**

Buy more than 10 at once on retail for
N1000.00each

2oz. BOTTLES

One 2oz. Bottle goes for N6000.00(retail)

if you are on **AUTOSHIP** (which is placing an order for a minimum of four months on the website www.savefuelng.mysyntek.com) **N4600.00**

Buy more than 10 at once on retail for
N5600.00each

4oz. BOTTLES

- One 4oz. Bottle goes for N11000.00 (retail)

if you are on **AUTOSHIP** (which is placing an order for a minimum of four months on the website www.savefuelng.mysyntek.com) **N8300.00**

Buy more than 10 at once on retail for
N10000.00each

SO HOW DO I BUY

- JUST GO TO THIS SITE AND ORDER
www.savefuelng.mysyntek.com(if you want it delivered to your doorstep, you add N4000.00 or you could pick it up from the office) *(actually its my site and I get a percentage of the money you paid because I'm a registered distributor for Syntek Global)*

OR

- Send a mail to savefuelng@gmail.com, call and send a text to +2347064384235

...OR

- YOU COULD BECOME A DISTRIBUTOR AND MAKE MONEY ANYTIME ANYONE BUYS FROM YOUR SITE THAT SYNTEK GLOBAL WILL GIVE ONCE YOU SIGN UP (*and I make some money too if you become a distributor because I introduced you to the business and you could too if you introduce someone else to the business*)
